

SOLEMNITY OF CORPUS CHRISTI

Augustinian nun Juliana of Liege, in Belgium, from her early youth, had a great veneration for the Blessed Sacrament and always longed for a special feast in its honor. This desire is said to have been increased by a vision of the Church under the appearance of the full moon. The moon was perfect but having one dark spot which signified the absence of a feast of the Eucharist. She made known her ideas to Robert de Thorete, then Bishop of Liege and others and finally Pope Urban IV. This led to the celebration of the Body of Christ, Corpus Christi, which was introduced into the church calendar in 1264.

Today we celebrate the Solemnity of the Body and Blood of Christ, popularly known as, "Corpus Christi." First, what is the purpose of the Feast of the Body and Blood of Christ? The purpose is: that this special feast is celebrated in remembrance of Jesus who gave His life for the salvation of many. This feast is also a remembrance of Jesus institution of the Holy Eucharist and His command to celebrate this.

There are, perhaps three central mysteries of the Catholic faith. The first is Jesus Himself. God, who became man, and died for us. The second is the Trinity and the third is the Eucharist. The feast that we celebrate today is designed to heighten our awareness of the reality of Jesus present under the forms of bread and wine.

There was a story again of a young woman who took care of her old aunt. The aunt had inherited a fair amount of money from her deceased brother but never mentioned it to anyone. On her deathbed she summoned her niece: "You've been good to me. I want to reward you. Take this frayed sweater of mine and wear it until you become rich." The niece expressed gratitude but was disappointed. She felt her aunt could at least have left her a watch or a ring. She buried the sweater in the bottom drawer of her bureau. The aunt died. A year later the niece put on the sweater while she did some yard work. She felt something in the sweater pocket. She found a key wrapped in a note. In that box she found her aunt had given her legal title to a fortune of \$300,000. The moral of the story is that we often miss the treasures that are passed on to us because we do not take time to look. Let us today approach the Eucharist with a livelier faith in the real presence of Jesus in the Eucharist and we shall experience therein God's saving power and transforming love. (Fr. Saju Oreethaparambil, C.Ss.R.)
